PROFESSIONAL SUMMARY

Results-driven clinical operations leader with extensive experience managing multicenter clinical trials, cross-functional teams, and regulatory compliance. Proven track record in workflow optimization, vendor management, and budget oversight. Strong expertise in GCP, FDA, IRB, and DEA regulations. Medical doctor with advanced training in biostatistics and clinical research methodologies.

CORE COMPETENCIES

- Clinical Trial Management
- Vendor Management
- IRB/FDA/DEA Compliance
- Data Analysis & Reporting
- Workflow Optimization
- Budget & Financial Oversight
- GCP & Regulatory Knowledge
- Training & Presentation
- Protocol Development
- SOP Development
- Cross-functional Leadership
- Stakeholder Engagement

PROFESSIONAL EXPERIENCE

Transcend Therapeutics

March 2025 - Present

Associate Director of Operations

- Lead clinical operations initiatives, overseeing cross-functional teams to ensure efficient execution of clinical trials
- Develop and implement operational strategies, SOPs, and quality control measures across all clinical programs
- Manage vendor relationships, budgets, and financial operations to optimize resource allocation
- Ensure regulatory compliance with GCP, FDA, IRB, and DEA requirements
- Drive process improvements and workflow optimization to enhance operational efficiency

Icahn School of Medicine - James J. Peter VA Medical Center

July 2024 - March 2025

Clinical Trial Manager

- Oversaw and coordinated cross-functional teams for efficient execution of multicenter clinical trials
- Streamlined workflows, monitored source documents, and implemented quality control measures
- Developed source documentation and manuals of procedures, tracked and reported project progress
- Managed study initiation and close-out activities, vendor management, and budget operations
- Ensured timely responses to IRB, FDA, BNE, and DEA submissions

Massachusetts General Hospital - EPPIC-Net

January 2022 - July 2024

Clinical Trial Manager

- Led cross-functional teams ensuring successful execution of multicenter clinical trials
- Managed vendor relationships and developed crucial clinical documents
- Oversaw regulatory compliance and maintained transparent communication through metrics reporting

- Demonstrated proficiency in budget management, financial oversight, and IRB submissions

Boston Medical Center

June 2019 - January 2022

Clinical Trial Project Manager

- Efficiently supervised multiple trials ensuring strict protocol adherence and operational excellence
- Maintained meticulous regulatory compliance and proficient data analysis
- Optimized budgets and excelled in participant engagement

EDUCATION & CERTIFICATIONS

Doctor of Medicine (M.D.) - General Medicine

October 2015

Universidad Autonoma de Santo Domingo

Bachelor of Science in Biomedical Science

September 2008

Universidad Autonoma de Santo Domingo

Certificate in Biostatistics Applied to Clinical Research

May 2023

Massachusetts General Hospital
