

JEAN MENDEZ VASQUEZ

ASSOCIATE DIRECTOR OF OPERATIONS

Long Island City, NY11101 | 407-818-3703 | jeanmendezvasquez@gmail.com

Jeanmendezmd.com

PROFESSIONAL SUMMARY

Results-driven clinical operations leader with extensive experience managing multicenter clinical trials, cross-functional teams, and regulatory compliance. Proven track record in workflow optimization, vendor management, and budget oversight. Strong expertise in GCP, FDA, IRB, and DEA regulations. Medical doctor with advanced training in biostatistics and clinical research methodologies.

CORE COMPETENCIES

- | | | |
|-----------------------------|--------------------------------|-------------------------------|
| • Clinical Trial Management | • Workflow Optimization | • Protocol Development |
| • Vendor Management | • Budget & Financial Oversight | • SOP Development |
| • IRB/FDA/DEA Compliance | • GCP & Regulatory Knowledge | • Cross-functional Leadership |
| • Data Analysis & Reporting | • Training & Presentation | • Stakeholder Engagement |

PROFESSIONAL EXPERIENCE

Transcend Therapeutics

March 2025 - Present

Associate Director of Operations

- Directed cross-functional clinical operations across three global Phase III studies, overseeing clinical vendors, site activation, trial execution, quality oversight, and regulatory compliance across a portfolio of approximately 50 clinical sites.
- Reduced site activation timelines by 20% through the design and implementation of an automated essential document collection and tracking system, accelerating study startup and improving inspection readiness.
- Led targeted site performance remediation initiatives, successfully returning 80% of underperforming sites to enrollment targets and contributing to the team exceeding recruitment goals during two consecutive months.
- Spearheaded implementation of an automated investigator payment solution covering EDC- and invoice-based payments by identifying, negotiating, and onboarding a new vendor in just six weeks, from contract execution through production deployment.
- Directed vendor oversight, financial operations, SOP implementation, and continuous process improvement while ensuring full compliance with GCP, FDA, and ICH requirements.

Icahn School of Medicine - James J. Peter VA Medical Center

July 2024 - March 2025

Clinical Trial Manager

- Led clinical operations for a multi-site research program spanning the James J. Peters VA Medical Center and the Parsons Research Center for Psychedelic Healing, supporting pioneering psychedelic-assisted therapy and mental health research initiatives.
- Accelerated study startup timelines by 30% through implementation of a centralized project management and milestone-tracking framework, improving cross-functional execution and operational visibility.
- Directed regulatory strategy and submissions across IRB, FDA, DEA, and BNE stakeholders, ensuring compliance and timely study activation.
- Managed vendor oversight, budgets, study startup, and site operations while driving process improvements and quality standards across research programs.
- Authored study procedures, source documentation, and operational workflows to support compliant, scalable, and inspection-ready trial execution.

Clinical Trial Manager

- Led cross-functional teams ensuring successful execution of multicenter clinical trials
- Managed vendor relationships and developed crucial clinical documents
- Oversaw regulatory compliance and maintained transparent communication through metrics reporting
- Demonstrated proficiency in budget management, financial oversight, and IRB submissions

Boston Medical Center

June 2019 - January 2022

Clinical Trial Project Manager

- Efficiently supervised multiple trials ensuring strict protocol adherence and operational excellence
- Maintained meticulous regulatory compliance and proficient data analysis
- Optimized budgets and excelled in participant engagement

EDUCATION & CERTIFICATIONS

Doctor of Medicine (M.D.) - General Medicine

October 2015

Universidad Autonoma de Santo Domingo

Bachelor of Science in Biomedical Science

September 2008

Universidad Autonoma de Santo Domingo

Certificate in Biostatistics Applied to Clinical Research

May 2023

Massachusetts General Hospital
